

## ECF 55 / EC 55

### Product card / assembly and use instructions

**1. Product name:** EC F 55/EC 55 SAFETY PAD FOR BASKETBALL BACKBOARD

**2. Product Description and Application:**

- safety pad of the lower edge of the basketball backboard made of Polyurethane Integral Skin Foam.
- adapted to the dimensions of the backboard 1800 x 1050 mm, according to official FIBA regulations.

**3. Material:**

- protecting the board made of polyurethane foam Integral Skin Foam dye in mass.

**4. Characteristics:**

- polyurethane Integral Skin Foam is produced in standard colors: blue, yellow, red, orange, black, gray.
- slight color differences between production batches are possible.
- prolonged exposure to sunlight may change the color intensity of the cover.

**5. Internal dimensions:**

- length x width x height inside: 900 x 440/430 x 55 mm - (half) tolerance +- 1%

**6. Assembly:**

- installation should only be carried out after ensuring that the board is properly assembled.
- use only a portable drill with adjustable clutch release.
- place the self-tapping screw with washer on the socket wrench.
- press the cover against the board.
- drill the backboard frame bolt through the mounting hole and tighten until it stops until the clutch engages. First screw the side part of the cover and then its bottom part.
- connect both shield halves with polyamide connectors and repeat all steps on the other shield half.
- clean the floor surface of all chips, etc., to eliminate the possibility of injury or damage to the floor.
- the installation requires two people and should be carried out on a secured structure fixing the board in the technical position and/or secured with an arm to which the board is fixed.

**7. Usage:**

- the basketball backboard cover is designed for 1800x1050 backboards and should only be used for this purpose.
- the product is intended for both indoor and outdoor boards.
- periodically check the safety pads fasteners and the condition of the cover surface.
- prevent mechanical damage such as cutting, mechanical damage, exposure to fire, etc.
- do not use the basketball backboard cover when carrying it.
- do not hang onto the basketball backboard cover.
- do not use the cover as a protection for the basketball backboard in transport and storage.
- cleaning can be done with commonly available cleaning agents.
- when cleaning, do not use solvents or caustic agents.
